

# US Special Purpose Acquisition Companies: IPO Market Overview

# Momentum in SPAC market to remain strong owing to big ticket deals, high profile mergers, and growing investor interest

## What is a SPAC?

A Special Purpose Acquisition Company (SPAC) is a publicly traded investment vehicle that raises funds via an initial public offering (IPO) to complete a targeted acquisition.

## SPAC IPO Momentum

YTD 2020, 138 black-check companies are expected to raise USD47 billion, on track to register another banner year.

The TMT, Generalist and Consumer sectors have led listings in 2020 so far.

## SPAC IPO and initial business combination (IBC) Outlook

The recent big-ticket IPOs (backed by well-known sponsors) and high-profile company mergers have attracted the attention of the financial community.

The surging interest in SPACs among private companies and investors is expected to accelerate the momentum of SPAC IPOs in 2020.

The background is a complex collage. On the left, there are several stacks of silver coins. Overlaid on the top half are a yellow line graph and a white line graph. On the right side, there is a bar chart with blue bars. The bottom half of the image shows a dark, blue-toned scene with glowing digital elements and more stacks of coins.
