

Indirect Procurement Pulse

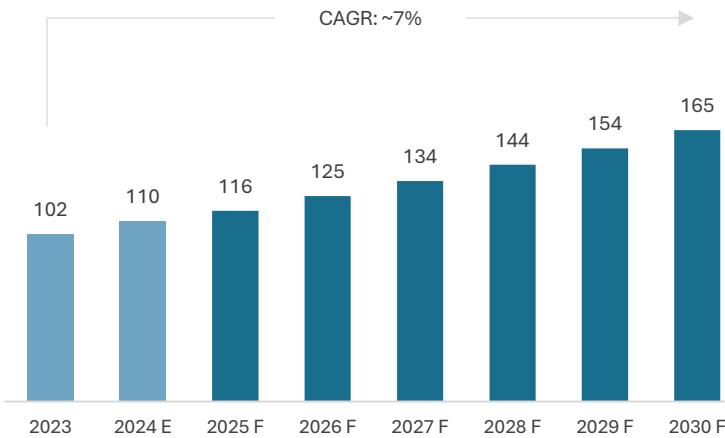

Category Trends and Insights Unveiled

Industry Snapshot

**Global Biodegradable Packaging Material
Industry Landscape & Outlook**

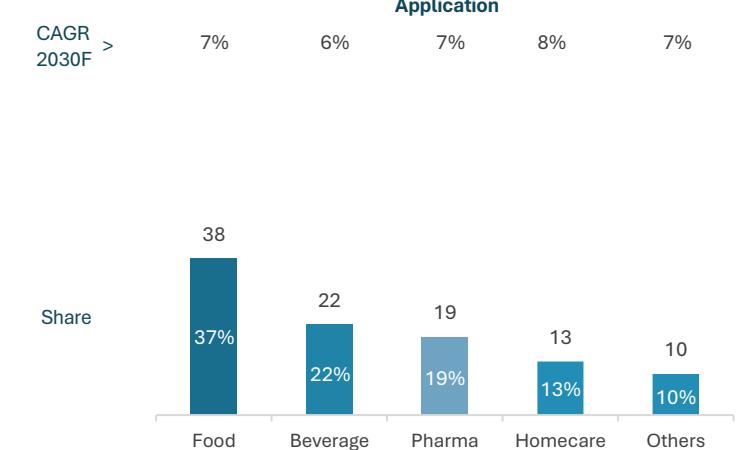

Market Trajectory

2023-2030 | USD Billion

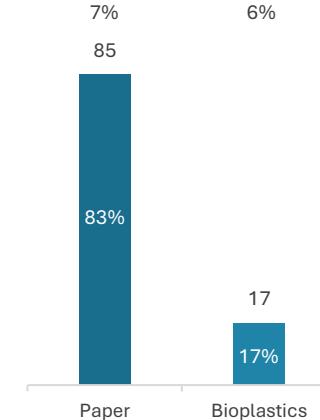

Demand Market Share

2023 and 2030 | USD Billion

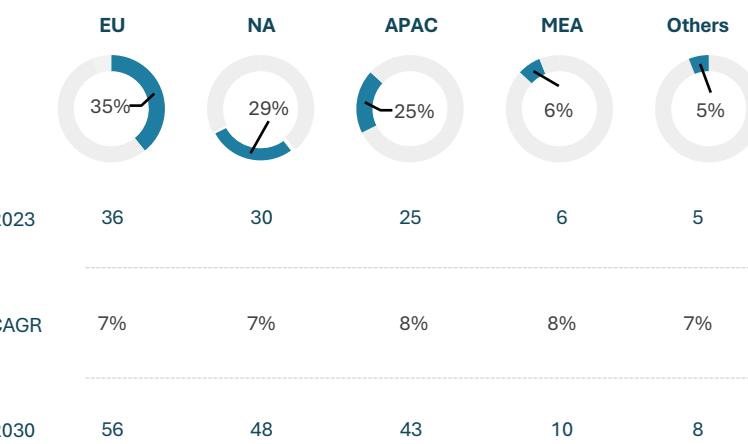

Product

Regional Market Share

2023 and 2030 | USD Billion

Supply Market Structure

2023

Consolidated  Fragmented

Key Player Include:

- BASF SE
- International Paper Co
- PMMI Media Group
- Smurfit Kappa Group
- Tetra Pak Group
- Georgia Pacific
- Holmen AB
- Kruger Inc.
- Stora Enso Oyj
- Biopak Pty Ltd

Market Outlook

Insights

The global biodegradable packaging material market is growing rapidly, driven by increasing environmental concerns, stringent regulations against plastic waste, and rising consumer demand for sustainable alternatives.

Innovations in plant-based materials, biopolymers, and compostable solutions are enhancing product performance and expanding application areas. Additionally, the shift toward circular economy practices and corporate sustainability goals is propelling market growth. Emerging markets are showing significant potential as awareness and infrastructure for biodegradable packaging improve.
