

# Indirect Procurement Pulse

## Category Trends and Insights Unveiled

Industry Snapshot

**Global Distributed Energy Generation Industry  
Landscape & Outlook**

## Market Trajectory

2023-2030 | USD Billion

## Demand Market Share

2023 and 2030 | USD Billion

## Technology

## Regional Market Share

2023 and 2030 | USD Billion

## Supply Market Structure

2023

Consolidated  Fragmented

### Key Player Include:

- Ansaldo Energia Spa
- Bloom Energy Corp
- Canadian Solar Inc.
- Capstone Green Energy Corp.
- Caterpillar Inc.

## Market Outlook

Insights

The Global Distributed Energy Generation (DEG) Market is poised for significant growth, driven by increasing energy demand, advancements in renewable technologies, and the rising emphasis on decentralized energy solutions.

Distributed energy systems, including solar PV, wind turbines, and fuel cells, offer benefits such as reduced transmission losses, improved energy efficiency, and resilience against grid disruptions.

The market outlook remains positive, with strong growth expected as the shift toward sustainable energy continues globally.
