

Indirect Procurement Pulse

Category Trends and Insights Unveiled

Industry Snapshot

**Global Onshore Oil & Gas Pipeline Industry
Landscape & Outlook**

Market Trajectory

2023-2030 | USD Billion

Demand Market Share

2023 and 2030 | USD Billion

End User

Regional Market Share

2023 and 2030 | USD Billion

Supply Market Structure

2023

Consolidated  Fragmented

Key Player Include:

- ArcelorMittal SA
- General Electric Co
- Bechtel Corp.
- Hyundai Heavy Industries Co. Ltd
- BP Plc
- Saipem S.p.A.
- Burrow Global LLC
- Essar

Market Outlook

Insights

The global increase in energy consumption drives the need for efficient transportation systems for oil and gas, with pipelines offering a cost-effective and reliable solution.

Innovations in pipeline construction and monitoring, such as advanced welding techniques and IoT-based systems, enhance pipeline reliability and safety.

The transition to cleaner energy sources has increased the demand for natural gas pipelines, particularly in regions emphasizing reduced carbon footprints.
